

MG Logistics, Inc.

Put Your Trust in Us

A HISTORY OF INSPIRED SERVICE

The founders of M G Logistics, Inc. have nearly four decades of experience in commercial transportation, giving us the knowledge and capabilities that mean you can put your trust in us. The value of our vast experience is passed directly to you through our innovative and individually designed service programs.

Communication and diligence are the cornerstones of our business. We listen to our clients and put their needs first. We believe that this commitment accounts for M G Logistics' continued success and the ongoing efficiency and profitability of each of our clients.

As transportation specialists, we serve as an integral link in the supply chain management system. We recognize the critical nature of our role, and we are inspired to serve our clients reliably and competently, at all times.

COMMITMENT TO OUR CLIENTS

At M G, we are committed to providing services that go beyond both our competitors and our clients' expectations. This philosophy has created satisfied clients for more than thirty-five years. Quite simply, M G is dedicated to being the strongest link in the supply chain.

Supported by cutting-edge information technology, we ensure that our clients' needs are met and exceeded. M G's state-of-the-art data processing, combined with a professional and well-educated staff, equals incomparable reliability and efficiency. Our dedication to flawless transport means that you don't have to worry.

A GLOBAL PERSPECTIVE

Over the past decade, the world has gotten a lot smaller. You're doing business with partners on the other side of the globe, and you need to stay in synch. M G understands the global marketplace and how to work within it, both smoothly and efficiently. When we begin working with a client, we immediately come up to speed on their place in global business. M G knows that communication and efficiency are paramount to getting the job done.

To that end, we are continually evolving our services. We think in terms of the large picture, and then examine our role in the supply chain mechanism. We endeavor to think in global terms and to anticipate the needs of our clients. It is our mission to become more effective and more efficient every day.

TEAMWORK

When you're part of a chain, working as a team is essential. Over the years, M G has assembled a team of industry leaders who strive to ensure that innovation and exemplary service remain at the forefront of our commitment to our customers. In addition to regularly upgrading our information technology, we continually train our staff of logistic professionals. Every employee of M G is committed to client satisfaction, and it shows. We work together so that you don't have to worry.
